

# CrossCheck Telephone Authorization

## 1-800-654-1200

Easy as 1-2-3! Call the number, follow the prompts, and write the confirmation on the check! When asked to enter the State Code, use the table below. You can use Code "55" to denote a business check, and you will use the business phone number as the ID. In addition, for our men and women in our Armed Services, you can use "66" as the State Code, and their Military ID number.

Using the Keypad Alphabet: Many Driver's licenses contain letters. To use, find the letter on the number keys. Most keys have three letters. The order of the letters on each key determines how they will be entered. For example, for "A", press the 2 key, then \* once. For "B", press the 2 key, and then press the \* key twice (since "B" is in the second position).
